

HS-POWER

Are you a STEM major
looking for an amazing summer
research experience?

The U.S. Department of Homeland Security (DHS) Science and Technology Directorate Office of University Programs sponsors the Professional Opportunities for student Workforce to Experience Research (HS-POWER) Program. HS-POWER is looking for undergraduate and graduate students ready to develop the skills necessary to begin building a Homeland Security career. Learn alongside DHS subject matter experts at business, industry, and government facilities conducting research in DHS-relevant areas to help you be workforce-ready at graduation!
