## School of Engineering

Lindsay Dembner, Career Counselor

Kristen Kettering, Career Counselor

Emily Seils, Assistant Director

### A MESSAGE FROM YOUR SPECIALIST

The CCPD now has a liaison model, where counselors will be assigned to each school at RPI. Emily, Kristen, and Lindsay are your counselors for the School of Engineering. You will be able to make appointments with any of us. You can still come in for walk-ins as well. We can help you with resume and cover letter review, interview preparation, the job search, and much more. Throughout the semester we will offer workshops designed to support you through your career development. We look forward to working with you!

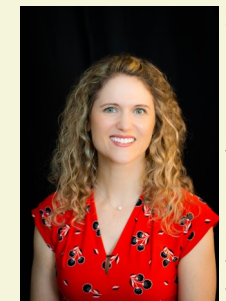

My name is Lindsay Dembner. Prior to RPI, I worked and taught at a community college in Brooklyn, NY, more on the academic side of things. I also used to be a lawyer, where I worked for a civil rights law firm. Here at RPI, I meet with students, lead our office's diversity

and inclusion efforts, and conduct programs on various career-related subjects. In my free time, I love to read, be in nature, and cook. I look forward to meeting you!

My name is Emily Seils. Prior to coming here, I worked at Sage College of Albany in Academic Services. Before that, I worked at Western New England University in The Center for Civic Engagement. In my spare time I enjoy

spending time with family & friends, working out, hiking, and eating all the ice cream I possibly can. I am excited to meet as many of you as I possibly can!

My name is Kristen Kettering. As a Career Counselor at the CCPD, I immensely enjoy meeting and working with RPI students on career related topics. RPI students are so very clever and kind and I truly love my job. Prior to working at RPI, I was a School Counselor for

middle and high school students and I hold a Master's Degree in School Counseling. My personal interests include fitness, nutrition and I love watching HGTV! I am looking forward to future appointments with engineering students.

### UPCOMING EVENTS

### Employer Information Sessions

## CCPD RESUMANIA

**1**

**Wednesday January 23 and Thursday January 24**

9am-4pm @ CCPD

Stop in anytime to meet with a career counselor to review or help create your resume. No appointment necessary!

**2**

**Have your resume reviewed by an employer!**

**Monday February 3rd and Tuesday February 4th**

Stop by the Employer Suite of the CCPD on the 2nd floor of the DCC to meet with an employer for a resume review. Employers across various industries will be in attendance. Students who attend Resumania part 1 (above), schedule a resume appointment or come in for a walk-in will receive priority scheduling.

\*\*Students must have met with a CCPD counselor for a resume review before having a resume reviewed by an employer. Please stop by Resumania part 1, walk-in or appointment!\*\*

ccpd@rpi.edu - 518-276-6234 - @ccpd\_rpi - DCC Suite 209

**January 14th, 5:00pm, Union 3606–  
MathWorks (creators of Matlab and  
Simulink)**

Come learn about the work being done with new technologies and how you can get involved through a career at MathWorks. We will be discussing career opportunities for undergraduate and graduate students in Engineering, Computer Science, Applied Mathematics, and Physics (with strong programming abilities) for both full-time and internship positions.

\*flyer attached\*

**January 15th, 4:00 EMPAC Studio 2  
Rensselaer Cognitive and Immersive  
Systems Lab**

In a collaboration between Rensselaer and IBM Research, the Cognitive and Immersive Systems Laboratory (CISL) invites students interested in conducting research with us to attend an information session!

**January 22nd, 6:00pm Walker 5113  
United Technologies Corporation**

Interested in opportunities with United Technologies Corporation? Join us for this info session!

**RSVP IN JOBLINK!**

MARK YOUR CALENDAR

## CCPD SPRING 2020 CAREER FAIR
