Learn Printed Circuit Board Design

Master the Basics of PCB Electronics Design and ECAD Software

Free College and University Level Curriculum and Altium Designer Student License

Free Enrollment

Altium
EDUCATION

Introducing Altium Education, a free online curriculum and Altium Designer student license, for college and university students interested in electronics design. Earn a course certification in PCB design fundamentals.

Free Webinar

Speaker: Rea Callender,
VP of Education, Altium, Inc.

Wednesday, July 27th
1:30 - 3:00 PM EDT.

Password: 701046

Hosted by:
John Wen, Ph.D.
Head, Electrical, Computer, and Systems Engineering (ECSE)
Rensselaer Polytechnic Institute

Explore Altium Education, a hands-on course guiding students through the very basics of electronics to designing their first printed circuit board. Altium Education curriculum utilizes Altium Designer software to create projects and schematics. Students with a valid .edu email account are eligible for Altium's free Student License Program.
